V. Method of Applying

A. Income-Based Financial Assistance

- (i) Patients seeking Emergency Care will be treated without regard for whether they are eligible for financial assistance. If medically appropriate, a patient who received Emergency Care may receive information in our Emergency departments from a Patient Financial Advocate about the availability of financial assistance and an Application may be initiated on their behalf if he or she may qualify for more assistance.
- (ii) Any other patient seeking income-based financial assistance at any time in the scheduling or billing process may complete the Financial Assistance Application and will be asked to provide information on Annual Family Income for the three-month period immediately preceding the date of eligibility review. Third party income verification services may be used as evidence of Annual Family Income. The Financial Assistance Application may be found in our Emergency departments and Admissions areas, on the back of your printed statement from Cleveland Clinic, or from a Patient Financial Advocate at our facilities or online at www.clevelandclinic.org/financialassistance. If calling for services in Ohio, Nevada, or Weston Hospital call Patient First Support Services at 866.621.6385. If calling for services at Cleveland Clinic Indian River Medical Center call 772.567.4311 x1169. If calling for services at Martin Memorial Medical Center call 772.223.5680.
- (iii) Presumptive Financial Assistance at East Central Florida facilities. If Cleveland Clinic is able to determine through third party verification databases that a patient has Annual Family Income at or under 400% of the FPG that patient will be deemed eligible for financial assistance without further information or documentation at scheduling or prior to admission. The patient will be notified in writing and, if deemed eligible for less than 100% assistance, will have the opportunity to submit a Financial Assistance Application if the patient believes he or she may qualify for more assistance.
- (iv) If there is a discrepancy between two sources of information, a Cleveland Clinic representative may request additional information to support Annual Family Income.

B. Catastrophic Balance

Monthly, during the billing process, Cleveland Clinic may use third party verification databases to determine whether charges incurred for an episode of care exceed 15% of Annual Family Income. If so, Cleveland Clinic will presume the patient is eligible for financial assistance and notify the patient in writing. If the balance does not exceed 15% of Annual Family Income based on third party verification data, the patient will not be presumed to have a catastrophic balance.

C. Exceptional Circumstances

Cleveland Clinic will initiate an Application for any CC Florida patient as having incurred or being at risk to incur a high balance or as reporting an extreme personal or financial hardship. Cleveland Clinic will gather information on financial circumstances and personal hardships from the patient. Determinations are made by Patients First Support Services (PFSS) under the direction of the Cleveland Clinic Foundation CFO or his designee. The patient will be notified in writing of the final determination.

D. Special Medical Circumstances

Cleveland Clinic will initiate an Application for any patient identified during the scheduling or admission process as having potential special medical circumstances and a Patient Financial Advocate will solicit a recommendation from CC Florida medical staff as to whether the patient needs treatment that can only be provided by CC Florida medical staff, or would benefit from continued medical services from CC Florida for continuity of care. The patient will be notified in writing if they do not qualify financial assistance as due to special medical circumstances. At CC Weston, a recommendation must be obtained from the patient's existing CC Florida physician. Determinations on special medical circumstances are made by a committee composed of the treating physician and representatives of CC Florida physician leadership and administration.

Financial Assistance Policy, continued

E. Incomplete or Missing Applications

Patients will be notified of information missing from the Financial Assistance Application and given a reasonable opportunity to supply it. If missing information is not supplied, Cleveland Clinic may use third party income verification databases to complete the Financial Assistance Application.

VI. Eligibility Determination Process

- A. Financial Interview. A Cleveland Clinic patient financial advocate will attempt to contact by telephone all Uninsured Patients who are not presumptively eligible for financial assistance at the time of scheduling. The patient financial advocate will ask for information, including family size, sources of family income and any other financial or extenuating circumstances that support eligibility under this Policy and will complete an Application accordingly. At the time of the appointment or upon admission, patients will be asked to visit the Patient Financial Advocate and sign the Financial Assistance Application.
- B. Applications. Any Financial Assistance Application, whether completed in person, online, delivered or mailed in, will be forwarded to the Patients First Support Services team (PFSS) for evaluation and processing.
- C. Determination of Eligibility. PFSS will evaluate and process all Financial Assistance Applications. The patient will be notified by letter of the eligibility determination. Patients who qualify for less than 100% financial assistance (other than those deemed presumptively eligible) will receive an estimate of the amount due from a Patient Financial Advocate and will be requested to set up payment arrangements or pay a 50% deposit prior to scheduling; provided however, that such payment arrangements are never required as a condition to receiving treatment for Emergency Care.

VII. Basis for Calculating Amounts Charged to Patients, Scope, and Duration of Financial Assistance

Patients eligible for awards of income-based financial assistance under the Policy will receive assistance according to the following income criteria:

- If your annual family income is up to 250% of the FPG, you will receive free care.
- If your annual family income is between 251% and 400% of the FPG, you will receive care discounted from gross charges to the “amount generally billed” to Insured Patients for such services.

As used herein, the “amount generally billed” has the meaning set forth in IRC §501(r)(5) and any regulations or other guidance issued by the United States Department of Treasury or the Internal Revenue Service defining that term. See Appendix A for a detailed explanation of how the “amount generally billed” is calculated.

Once Cleveland Clinic has determined that a patient is eligible for income-based financial assistance, that determination is valid for ninety (90) days from the date of eligibility review. After ninety (90) days, the patient may complete a new Financial Assistance Application to seek additional financial assistance.

For patients who have been approved for assistance with a Catastrophic Balance, those identified charges will be covered.

For patients who have been approved for assistance under Exceptional or Special Medical Circumstances, the patient will be covered under this Policy for 100% of unpaid charges and for charges for all Emergency and Medically Necessary Care provided during the period necessary to complete treatment or care as may be determined by the treating CC Florida physician. A patient whose financial situation has changed may request to be re-evaluated at any time.

VIII. Determination of Eligibility for Financial Assistance Prior to Action for Non-Payment

- A. Billing and Reasonable Efforts to Determine Eligibility of Financial Assistance. Cleveland Clinic seeks to determine whether a patient is eligible for assistance under this Policy prior to or at the time of admission or service. If a patient has not been determined eligible for financial assistance prior to discharge or service, Cleveland Clinic will bill for care. If the patient is insured, Cleveland Clinic will bill the patient's insurer on record for the charges incurred. Upon

Financial Assistance Policy, continued

adjudication from the patient's insurer, any remaining patient liability will be billed directly to the patient. If the patient is uninsured, Cleveland Clinic will bill the patient directly for the charges incurred. Patients will receive a series of up to four billing statements over a 120 day period beginning after the patient has been discharged delivered to the address on record for the patient. Only patients with an unpaid balance will receive a billing statement. Billing statements include a Plain Language Summary of this Policy and how to apply for financial assistance.

For patients seeking care at an East Central Florida facility, Cleveland Clinic will also proactively seek to identify patients who are eligible for income-based financial assistance under this Policy through use of third party verification databases. Patients who are identified as presumptively eligible for income-based assistance will be notified and may apply for additional assistance.

Reasonable efforts to determine eligibility include: notification to the patient by Cleveland Clinic of the Policy upon admission and in written and oral communications with the patient regarding the patient's bill, an effort to notify the individual by telephone about the Policy and the process for applying for assistance at least 30 days before taking action to initiate any lawsuit, and a written response to any Financial Assistance Application for assistance under this

Policy submitted within 240 days of the first billing statement with respect to the unpaid balance or, if later, the date on which a collection agency working on behalf of the Cleveland Clinic returns the unpaid balance to the Clinic.

- B. Collection Actions for Unpaid Balances. If a patient has an outstanding Cleveland Clinic balance after up to four billing statements have been sent during a 120 day period, the patient's balance will be referred to a collection agency representing Cleveland Clinic which will pursue payment. Cleveland Clinic and its collection agencies do not report to credit bureaus nor do they pursue wage garnishments or similar collection actions unless as otherwise may be required by Indian River County. Collection agencies representing Cleveland Clinic have the ability to pursue collection for up to 18 months from the point when the balance was sent to the collection agency. A patient may apply for financial assistance under this Policy even after the patient's unpaid balance has been referred to a collection agency. After at least 120 days have passed from the first post-discharge billing statement showing charges that remain unpaid, and on a case- by-case basis, Cleveland Clinic may pursue collection through a lawsuit when a patient has an unpaid balance and will not cooperate with requests for information or payment from Cleveland Clinic or a collection agency working on its behalf. In no case will Emergency Care be delayed or denied to a patient because of an unpaid balance. In no case will Medically Necessary Care be delayed or denied to a patient before reasonable efforts have been made to determine whether the patient may qualify for financial assistance.

An uninsured patient who seeks to schedule new services at an East Central Florida facility and has not been presumed eligible for financial assistance will be contacted by a Patient Financial Advocate who will notify the patient of the Policy and help the patient initiate an Application for financial assistance if requested.

For all CC Florida patients, a patient with a high outstanding balance who seeks to schedule new services will be contacted by a Patient Financial Advocate who will notify the patient of the Policy and work with the patient to make payment arrangements, enter into a payment plan, or apply for financial assistance under this Policy.

- C. Review and Approval. Cleveland Clinic's Patients First Support Services (PFSS) has the authority to review and determine whether reasonable efforts have been made to evaluate whether a Patient is eligible for assistance under the Policy such that extraordinary collection actions may begin for an unpaid balance.
